Maybe I can simplify these shapes.  
Wonder if I should have made this artwork to scale? But the plant is very tiny. Nevermind..

Let me try afew different styles  
of strokes  
I know in the end i always  
choose the basic one.. but let  
just try it like always

I just realised that the shadow  
is completely wrong!  
The cactus should also cast a  
shadow, not just its pot.
